

INDEX

Note: Page numbers of article titles are in **boldface** type.

- Abdomen, radiology of, in forensic pathology, 221
rifle wounds of, 193
- Abrasions, examination of, 340-341
- Abuse, forensic radiology in, 225-231
child, 225-229
elder, 230
human rights, 230-231
spousal, 227, 230
- Accreditation, in forensic toxicology, 264-267
- Adulterants, in urine drug testing, 272-273
- Aganglionosis, colonic, sudden death in, 329
- Age determination, in forensic radiology, 209-210, 212-213
- Air embolism, forensic pathology in, 247-348
- Aircraft accidents, mass casualties in, radiologic identification in, 221-222
- Alveolar capillary dysplasia, in pediatric patients, sudden death in, 328
- American Academy of Forensic Sciences, toxicology guidelines of, 264-276
- American Board of Forensic Toxicology, accreditation by, 266-267
- Amino acids, metabolic disorders of, sudden death in, 330
- Amniotic fluid embolism, forensic pathology in, 246-247
- Aneurysms, brain, in pediatric patients, sudden death in, 328
- Animal remains, radiology of, 209
- Anthropologic parameters, in forensic radiology, 208-215
age, 209-210, 212-213
animal versus human, 209
population ancestry, 211, 214
race, 211, 215
sex, 210-211
stature, 211
- Aortic disorders, sudden death in, 325
- Art forgeries, forensic radiology in, 234
- Arteriovenous malformations, of brain, in pediatric patients, sudden death in, 328
- Asbestos-related disease, forensic pathology in, 254-258
- Asplenia, sepsis in, in pediatric patients, sudden death in, 333
- Assault rifle wounds, 199-201
- Asthma, forensic pathology in, 248
sudden death in, 328
- Atmospheric pressure chemical ionization technique, in forensic toxicology, 273-274
- Autopsy, medicolegal, current trends in, 280
historical review of, 281-283
in injuries, blunt, 343-344
sharp, 348-349
pediatric, 323-325
personnel requirements for, 303
problems obtaining, 284
procedure for, 308-310
versus hospital autopsy, 308-309
- Avulsions, examination of, 343
- Blunt injuries, patterns of, 339-344
autopsy in, 343-344
classification of, 340-343
- Body packing, of contraband materials, forensic radiology in, 233
- Brain lesions, in pediatric patients, sudden death in, 328-329
- Bronchopneumonia, in pediatric patients, sudden death in, 331-332
- Bronchopulmonary dysplasia, sudden death in, 327
- Bruises, examination of, 341-342
- Brush (scrape) abrasions, examination of, 340-341
- Bullet wounds. *See also Rifle wounds.*
radiology of, 197, 231-232

- Calcification, arterial, in infants, sudden death in, 326
- Cardiomyopathy, in pediatric patients, sudden death in, 326-327
- Cardiovascular disorders, in pediatric patients, sudden death in, 325-327
- Centerfire rifle wounds. See *Rifle wounds*.
- Central nervous system lesions, in pediatric patients, sudden death in, 328-329
- Cervicothoracic junction, radiology of, in forensic pathology, 220
- Chest, forensic pathology of, in rifle wounds, 193, 197
radiology in, 220
- Child abuse, forensic radiology in, 225-229
- Chop wounds, examination of, 348
- Civil litigation, forensic pathology in, in asbestos-related disease, 254-258
in coal workers' pneumoconiosis, 258-259
radiology in, 234-235
- Clots, in pulmonary arteries, forensic pathology in, 242
- Coal workers' pneumoconiosis, forensic pathology in, 258-259
- Cocaine use, forensic pathology in, 248-250
- Colon, Hirschsprung's disease of, sudden death in, 329
- Computed tomography, in forensic radiology, 235-236
- Congenital disorders, in autopsy, 324
- Contusions, examination of, 340-342
- Coronary artery anomalies, in pediatric patients, sudden death in, 326
- Coroner systems, body transport in, 304
conflicts with medical examiner systems, 284-285
demographics of, 283, 290-291
facilities for, 310-311
future trends in, 316-318
historical review of, 281-283
lay persons in. See *Lay death investigators*.
role of, 279-280
scene investigations by, 302, 304
staffing of, 302
- Crack cocaine use, forensic pathology in, 248-250
- Criminal litigation, forensic radiology in, 232-234
- Daubert ruling, for evidence, 263
- Death, forensic radiology in. See *Radiology, forensic*.
from pulmonary disease. See *Pulmonary disease, forensic pathology in*.
- identity determination after. See *Identity determination*.
- investigative systems for, 279-322
autopsy personnel requirements of, 303
current state of, 283
facilities for, 310, 316
forensic pathologist in, 280-281, 304, 308-310
future trends in, 316-318
historical review of, 281-283
lay persons in. See *Lay death investigators*.
obstacles to, 284-285
standard operating procedures of, 281
tasklist for, 287
sudden, in pediatric patients. See *Sudden death, in pediatric patients*.
- Defense wounds, 343
- Dehydration, in pediatric patients, sudden death in, 329-330
- Diarrhea, in pediatric patients, sudden death in, 329-330
- Disasters, mass casualties in, radiologic identification in, 221-222
- Diverticulum, Meckel's, in pediatric patients, sudden death in, 329
- Domestic violence, injury in, forensic radiology in, 225-230
- Driving under the influence of drug cases, forensic toxicology in, 268-269
- Drugs, abuse of, forensic pathology in. See also *Toxicology, forensic*.
intrapulmonary particulates in, 251-252
smuggling of, forensic radiology in, 233
- DUID (driving under the influence of drug) cases, forensic toxicology in, 268-269
- Education, for forensic radiology, 235
- Elder abuse, forensic radiology in, 230
- Embolism, forensic pathology in, air, 247-348
amniotic fluid, 246-247
pulmonary artery, 242, 246-248
- Endocardial fibroelastosis, in pediatric patients, sudden death in, 327
- Enzyme immunoassays, for forensic toxicology, 271-272
- Epiglottitis, sudden death in, 332
- Epilepsy, in pediatric patients, sudden death in, 328-329
- Face, injury of, forensic radiology in, 227
- Fibromas, of heart, in pediatric patients, sudden death in, 326

- Firearm wounds. See also *Rifle wounds*.
radiology of, 197, 231-232
- Foreign bodies, radiology of, in forensic pathology, 225
- Forensic pathology, in pulmonary disease, 241-262
in sudden natural death, in pediatric patients, 252-254, 323-338
injury patterns in, 339-350
medicolegal death investigative systems in, 279-322
of rifle wounds, 189-201
radiology in, 203-240
in injury, 343-344
toxicology in, 263-278
- Fractures, in rifle wounds, from temporary cavity, 191
radiology of, in abuse, 225-231
in injury evaluation, 223-225
- Gas chromatography-mass spectrometry, in forensic toxicology, 272-275
- Gastrointestinal disorders, in pediatric patients, sudden death in, 329-330
- Gender assignment, in forensic radiology, 210-211
- Glutaraldehyde, as adulterant, in urine drug testing, 272
- Great vessel disorders, sudden death in, 325-327
- Gunshot wounds. See also *Rifle wounds*.
radiology in, 197, 231-232
of individual remains, 216-218
tissues used in, 218-221
- Immunoassays, for forensic toxicology, 271-272
- Impact abrasions, examination of, 341
- Incised wounds, examination of, 347-348
- Individual remains, identification of, radiology in, 216-218
- Infections, in pediatric patients, sudden death in, 331-333
- Inhalation, of particulates, forensic pathology in, 250-251
- Injuries. See also *Abuse*.
evaluation of, radiology in, 222-225
gunshot. See also *Rifle wounds*.
radiology in, 197, 231-232
patterns of, 339-350
blunt, 339-344
autopsy in, 343-344
classification of, 340-343
sharp, 344-349
autopsy in, 348-349
chop, 348
incised, 347-348
stab, 345-347
- Intermediary targets, in rifle wounds, 198-199
- Interstitial pneumonitis, in pediatric patients, sudden death in, 332
- Intestinal obstruction, in pediatric patients, sudden death in, 329
- Intussusception, in pediatric patients, sudden death in, 329
- Investigative systems, for death. See *Death, investigative systems for*.
- Kawasaki disease, sudden death in, 326
- Klear, as adulterant, in urine drug testing, 272-273
- Knife wounds, 345-347
- Lacerations, examination of, 342-343
- Lay death investigators, attributes of, 285-289
demographics of, 290-291
hiring of, 288-289, 292, 302
historical review of, 281-283
importance of, 280
nurses as, 286
salaries of, 289-291, 293-301
scene investigations by, 302, 304
staffing patterns in, 302
training of, 286
- Lead snowstorm, in gunshot wounds, 197, 232
- Legal aspects, of forensic pathology. See *Death, investigative systems for; Lay death investigators*.
- Head, rifle wounds of, 192-195, 200
in suicide, 199
- Heart disorders, in pediatric patients, sudden death in, 325-327
- Hematomas, examination of, 340-341
- Hemorrhage, brain, in pediatric patients, sudden death in, 328
- Hemosiderosis, in pediatric patients, sudden death in, 327
- Hirschsprung's disease, sudden death in, 329
- Human rights abuse, forensic radiology in, 230-231
- Hunting rifle wounds. See *Rifle wounds*.
- Hypertension, pulmonary, in pregnancy, forensic pathology in, 245-246
- Identity determination, radiology in, 208-222
anthropologic parameters in, 208-215
in mass casualty situations, 221-222

- Litigation, civil, forensic pathology in, in
 asbestos-related disease, 234–235
 in coal workers' pneumoconiosis,
 258–259
 radiology in, 234–235
 criminal, forensic radiology in, 232–234
- Lung, disease of. See *Pulmonary disease*.
- Lymphangiectasis, pulmonary, in pediatric
 patients, sudden death in, 328
- Mandible, radiology of, in forensic
 pathology, 210
- Marijuana use, forensic toxicology in,
 driving and, 269
- Mass casualties, radiologic identification
 in, 221–222
- Mass spectrometry, in forensic toxicology,
 273–275
- Meckel's diverticulum, in pediatric
 patients, sudden death in, 329
- Medical examiner systems, body transport
 in, 304
 case acquisition and handling policies
 in, 304–310
 conflicts with coroner systems, 284–285
 demographics of, 293–301, 312–315
 equipment for, 316
 facilities for, 310–311
 future trends in, 316–318
 historical review of, 281–283
 lay death investigators in. See *Lay death
 investigators*.
 role of, 279–281
 salaries in, 312–315
 scene investigations by, 302, 304
 staffing of, 302
- Medical Review Officer, in drug testing
 programs, 270
- Medium chain acyl CoA dehydrogenase
 deficiency, sudden death in, 330
- Meningitis, in pediatric patients, sudden
 death in, 332
- Meningococemia, in pediatric patients,
 sudden death in, 333
- Mesothelioma, malignant, forensic
 pathology in, 256–258
- Metabolic disorders, in pediatric patients,
 sudden death in, 330–331
- Military rifle wounds. See *Rifle wounds*.
- Missile wounds, from rifles. See *Rifle
 wounds*.
 radiology of, 197, 231–232
- Mucocutaneous lymph node syndrome
 (Kawasaki disease), sudden death in,
 326
- Myocarditis, in pediatric patients, sudden
 death in, 332
- National Association of Medical
 Examiners, 282–283
- National Institute on Drug Abuse, forensic
 toxicology guidelines of, 264–267
- Paranasal sinuses, forensic radiology of,
 219
- Particulates, intrapulmonary, forensic
 pathology in, 250–252
- Patterned abrasions, examination of, 341
- Pediatric patients, abuse of, forensic
 radiology in, 225–229
 autopsy of, 323–325
 sudden death in. See under *Sudden
 death*.
- Pelvis, radiology of, in forensic pathology,
 210, 221
- Pleural disease, asbestos-related, 256
- Pneumoconiosis, coal workers', forensic
 pathology in, 258–259
- Pneumonia, in pediatric patients, sudden
 death in, 331–332
- Population ancestry determination, in
 forensic radiology, 211, 214
- Powder tattooing, in rifle wounds, 193, 197
- Pregnancy, pulmonary disease in, forensic
 pathology in, 244–248
- Pulmonary arteries, arteriopathy of, in
 pulmonary hypertension, forensic
 pathology in, 245–246
 thromboembolic disease of, forensic pa-
 thology in, 242–244
- Pulmonary disease, forensic pathology in,
 241–262
 in air embolism, 247–248
 in amniotic fluid embolism, 246–247
 in asbestos-related disease, 254–258
 in asthma, 248
 in clotting, 242
 in coal workers' pneumoconiosis,
 258–259
 in cocaine use, 248–250
 in embolism, 242, 246–248
 in particulate inhalation, 250–252
 in pediatric patients, 327, 331–332
 in pregnancy, 244–248
 in pulmonary hypertension, 245–246
 in sudden infant death syndrome,
 252–254
 in thrombosis, 242–244
- Pulmonary hypertension, in pregnancy,
 forensic pathology in, 245–246
- Race determination, in forensic pathology,
 211, 215
- Radiology, forensic, 203–240

- administrative aspects of, 237
 education on, 235
 historical perspective of, 203-208
 in abuse, 225-231
 child, 225-229
 elder, 230
 human rights, 230-231
 spousal, 227, 230
 in gunshot wounds, 231-232
 in identity determination, 208-222
 anthropologic parameters in,
 208-215
 in mass casualty situations, 221-222
 of individual remains, 216-218
 tissues used in, 218-221
 in injury evaluation, 222-225
 from foreign bodies, 225
 osseous, 223-225
 in litigation, civil, 234-235
 criminal, 232-234
 in rifle wounds, 197
 research on, 235-237
- Rebreathing, sudden infant death
 syndrome and, 253-254
- Research, on forensic radiology, 235-237
- Respiratory disease. *See also Pulmonary
 disease.*
 in pediatric patients, sudden death in,
 327-328, 331-332
- Respiratory syncytial virus infections, in
 pediatric patients, sudden death in,
 332
- "Responsible person" position, in drug
 testing programs, 270
- Reye syndrome, sudden death in, 330-331
- Rhabdomyomas, of heart, in pediatric
 patients, sudden death in, 326
- Rifle wounds, 189-201
 bullet characteristics in, 190-191
 characteristics of, 192-197
 contact, 192-193
 distant, 195-197
 epidemiology of, 189
 from assault rifles, 199-201
 in suicides, 199
 intermediary targets in, 198-199
 intermediate-range, 193, 195
 permanent wound track in, 191-192
 powder tattooing in, 197
 radiology of, 197, 231-232
 rifle construction and, 189-190
 temporary cavity in, 191-192
 theories of, 191-192
- Röntgen, William Conrad, 203-206
- Sepsis, in asplenia, in pediatric patients,
 sudden death in, 333
- Sex determination, in forensic radiology,
 210-211
- Sharp injuries, patterns of, 344-349
 autopsy in, 348-349
 chop, 348
 incised, 347-348
 stab, 345-347
- SIDS (sudden infant death syndrome),
 forensic pathology in, 252-254,
 333-334
- Skeletal system, radiology of, in forensic
 pathology, in identification, 219-221
 in injury evaluation, 223-225
- Skull, radiology of, in forensic pathology,
 210, 212-214, 219
- Sleep, sudden infant death syndrome and,
 252-254
- Smuggling, forensic radiology in, 233
- Society of Forensic Toxicologists,
 guidelines of, 264-276
- Soft tissue, radiology of, in forensic
 pathology, 218-219
- Splenectomy, sepsis after, sudden death in,
 333
- Spousal abuse, forensic radiology in, 227,
 230
- Stab wounds, 345-347
- Stature estimation, in forensic radiology,
 211
- Substance abuse, intravenous,
 intrapulmonary particulates in,
 forensic pathology in, 251-252
- Substance Abuse and Mental Health
 Services Administration, forensic
 toxicology guidelines of, 265
- Sudden death, in pediatric patients,
 323-338
 autopsy in, 323-325
 in asplenia, 333
 in cardiovascular disorders, 325-327
 in central nervous system lesions,
 328-329
 in gastrointestinal disorders, 329-330
 in infections, 331-332
 in metabolic conditions, 330-331
 in respiratory disease, 327-328
 sudden infant death syndrome,
 252-254, 333-334
- Sudden infant death syndrome, forensic
 pathology in, 252-254, 333-334
- Suicide, with rifles, 199
 with sharp objects, 347
- Tandem mass spectrometry, in forensic
 toxicology, 274
- Tattooing, powder, in rifle wounds, 193,
 197
- Teeth, radiology of, in forensic pathology,
 218
- Terrorism, forensic radiology in, 230-231

- Tetrahydrocannabinol use, forensic toxicology in, driving and, 269
specimen adulteration in, 272-273
- Thrombosis, of pulmonary arteries, forensic pathology in, 242-244
- Thyroglossal duct cyst, sudden death in, 328
- Torture, forensic radiology in, 230-231
- Toxicology, forensic, 263-278
accreditation in, 264-267
analytic techniques for, 271-275
definition of, 263
in driving under the influence of drug cases, 268-269
in injury, 344
postmortem analyte distribution in, 267-268
results interpretation in, 267-271
urine analysis in, 269-270, 272-274
- United States Department of Health and Human Services, toxicology guidelines of, 264-265
- Urine testing, for drugs, interpretation of, 269-270, 272-274
- Vascular malformations, of brain, in pediatric patients, sudden death in, 328
- Venous embolism, air, forensic pathology in, 247-248
- Volvulus, in pediatric patients, sudden death in, 329
- Weapons, injuries from, chop, 348
guns. See also *Rifle wounds*.
radiology in, 197, 231-232
sharp. See *Sharp injuries*.
- Workplace, drug testing in. See *Toxicology, forensic*.
- Wounds, chop, 348
defense, 343
gunshot. See also *Rifle wounds*.
radiology in, 197, 231-232
incised, 347-348
stab, 345-347
